## BRUNELLO 2012

Lugano – Wednesday, 28 February 2018

Ruby red with garnet reflections, a pure 100% Sangiovese. The nose reveals a wide bouquet of red fruits and on the palate a great finesse. Can you guess which wine we are describing?

The answer is very simple, Brunello di Montalcino! For this very special tasting, we will present the 2012 vintage coming from three different Montalcino producers. Starting with La Casa from the historical Caparzo estate which was one of the contributing founders to the Brunello wines that we all love today. Next we will pour Casanova di Neri, whose 2012 vintage ranked among the top ten wines in the world according to Wine Spectator. The last wine we will serve is crafted by the award-winning winemaker at Podere Giodo, Carlo Ferrini who is a specialist in Sangiovese.

What else is there to add?

Join us for this tasting of a remarkable 5-star vintage.
